

Assessor Assessment Guide Unit Standard 3328 Rescue people in aircraft marine incidents (Level 3, Credit 3, Version 3)

In order to achieve competency in this unit standard a candidate must display an understanding of the knowledge components by completing an oral or written assessment and practically act as a crew member of a rescue vessel operating as part of an emergency service in an aircraft marine incident to prepare for rescue operations, and rescue people from the water.

This assessment may take place at a real or simulated practical event.

The assessor may elect to question candidates during completion of the practical assessment to ensure theoretical knowledge can be applied during practice. This technique also provides the assessor with reinforcement that knowledge has been retained.

Where a candidate is being assessed on the basis of a RCC process, evidence must be produced that indicates a candidate has successfully undertaken marine rescue operations as a crew member to rescue people from the water.

Assessors may use this guide to record evidence of a candidates overall performance but should be aware that this may not, on its own be an adequate record for moderation purposes without appropriate notes or appendices. Notes should include a summary of the process used and a statement about the quality of the candidate's performance.

ASSESSORS SHOULD ALWAYS REVIEW THE REQUIREMENTS CONTAINED IN THE UNIT STANDARD DOCUMENT PRIOR TO CONDUCTING ASSESSMENTS

For this unit the following resources are available from FRSITO to assist Learners, Instructors and Assessors:

- Assessor Assessment Guide
- Learner Assessment Guide

Assessors General Notes:

Candidates must hold prerequisites:

Unit 3331, *Demonstrate knowledge of aircraft for fire and rescue operations*, and

Unit 20391, *Demonstrate knowledge of aircraft hazards and hazardous systems for fire and rescue operations*, before this unit can be registered onto their NZQA record of learning.

Check practice notes to ensure any additional criteria are considered.
